

MORNINGTON PRIMARY SCHOOL: Acceptable Use Agreement for internet and digital technologies

Mornington Primary School believes the teaching of cybersafe and responsible online behaviour is essential in the lives of students and is best taught in partnership between home and school.

21st century students spend increasing amounts of time online, learning and collaborating. To be safe online and to gain the greatest benefit from the opportunities provided through an online environment, students need to do the right thing by themselves and others online, particularly when no one is watching.

Safe and responsible behaviour is explicitly taught at our school and parents/carers are requested to reinforce this behaviour at home.

Some online activities are illegal and as such will be reported to police.

Part A - School support for the safe and responsible use of digital technologies

Mornington Primary School uses the intranet, internet and digital technologies as teaching and learning tools. We see the intranet, internet and digital technologies as valuable resources, but acknowledge they must be used responsibly.

Your child has been asked to agree to use the intranet, internet and mobile technologies responsibly at school. Parents/carers should be aware that the nature of the internet is such that full protection from inappropriate content can never be guaranteed.

At Mornington Primary School we:

- Expect students to adhere to the contents of this document
- provide a filtered internet service
- provide access to the Department of Education and Early Childhood Development's search engine Fuse, www.education.vic.gov.au/primary, which can be used to direct students to websites that have been teacher recommended and reviewed
- provide supervision and direction in online activities and when using digital technologies for learning
- support students in developing digital literacy skills
- have a cybersafety program at the school which is reinforced across the school (www.cybersmart.gov.au/)
- use mobile technologies for educational purposes (e.g. podcasts or photos from excursions)
- work with students to outline and reinforce the expected behaviours on the intranet, internet and digital technologies

PLEASE CUT OFF AND RETURN THE BOTTOM SECTION ONLY TO YOUR CHILD'S TEACHER.

Once students have returned this section, they will have access to the school's digital resources.
